PROJECTS

HUNNID
Javascript, Bootstrap, HTML

REVERSED
Javascript, Bootstrap, HTML

FIZZBUZZED
Javascript, Bootstrap, HTML

GOOD EATS
React, Node(Express), postGRESQL

ADITIONAL EXPERIENCE

Mentoring · Full Stack Mentor   Mar. 2020 to Current
- Meet with a student or graduate once a week to mentor and assist by providing professional guidance in the job search for a software position.
- Listen and provide feedback to assist in aligning focus and resources to assist the mentee.
- Simulate technical, and soft skill interview practice to hone in on skills through iteration.
- Answer questions about the industry, negotiation practices, and help the optimization of resume and portfolio material through feedback.
